### SUMMARY

Graduated in Mechanical Engineering from Bangalore University with an M.S in Quality Management from BITS, Pilani. I now have around 14 years of experience in the Oil and Gas industry.

### WORK EXPERIENCE

☐ RasGas Company Limited, Doha, Qatar (Consultant, through AlMansoori) - November 2004 – till date

--- AlMansoori Specialized Engineering, UAE – September 2003 – October 2004

☐ Seema Engineering Works, India – June 2001 – July 2003

☐ Bharat Earth Movers Limited, India – May 2000 – May 2001

### EMPLOYMENT HISTORY

**1. Company: Al-Mansoori Specialized Engineering, UAE**

**(I) RasGas Company Limited, Doha, Qatar (Consultant, through AlMansoori)**

**Position:** Quality Engineer

**Period:** November 2004 till date

**Brief Job Description:**

☐ Perform and coordinate pre-job inspections at contractors' facilities to ensure equipment is "fit for service & purpose" and that contractors are following proper pre-job inspection procedures.

☐ Extensively applied 6A, 16A, ASME V, VI, XI codes, NACE MR0175 Sour Service Standard, as well as ExxonMobil Standards.

☐ Liaise with RasGas Completion Engineers, Drilling Engineers, service contractors, and repair facilities on a daily basis to help solve daily issues and meet deadlines.

☐ Liaise with Third Party Inspector to address manufacturing quality, inspection and test issues.

☐ Ensuring that safe working practices relating to Mechanical works are adhered to by close liaison with the Safety Officer.

☐ Ensure subcontractor activities are carried out in accordance with the approved Subcontractor Quality Plan.

☐ Ensuring fully detailed documentation of all activities / equipments are raised and completed prior to Handover.

☐ Monitoring material deliveries (New / Backloads) and anticipate requirements. On delivery, checking all equipment to ensure the items conform with vendor's information and specification.

- ☐ Monitoring of the inspection crews activities.
- ☐ Raise the required Service requests (MSR's) for damaged equipments.
- ☐ Witnessing of all make-ups of various drilling/completion equipments.
- ☐ Testing of all Wellhead & Completion equipments before shipment to various rigs.
- ☐ PJI of Well-Testing, Wireline, Cementing & Completions equipments before load-out at various client locations like Schlumberger, Weatherford, Halliburton etc.
- ☐ Assist in closing Non-Conformance and Deficiency Reports.

## **(II) Al-Mansoori Specialized Engineering, UAE**

**Position:** QC Inspector

**Period:** September 2003 to October 2004

### **Brief Job Description:**

- ☐ Carried out field inspection jobs (NDT & Tubular Inspection) for various drilling & manufacturing companies like The National Drilling Co. (Both Offshore as well as Onshore Rigs), Abu Dhabi Marine Operating Company (ADMA-OPCO), Abu Dhabi Company for Onshore Oil Operations (ADCO), TOTAL-ABK, Schlumberger, Weatherford, Sperrysun Drilling Services, and other drilling contractors.
- ☐ Ensure product conformity, review product drawing
- ☐ Provides technical assistance to marketing group to resolve engineering, inspection and quality issues to ensure project compliance
- ☐ Liaise with customer, production, Quality and manufacturing
- ☐ Review and direct reconditioning and repair needed for used equipment
- ☐ Disposition of non-conforming works and processes.

## **2. Company: Seema Engineering Works, India**

**Position:** Application / Production Engineer

**Period:** June 2001 to July 2003

### **Brief Job Description:**

- ☐ Monitoring the manufacture of Bevel Gears, Preparing the Job Cards and scheduling of various jobs.
- ☐ Witness, monitor, review and approve hydrostatic, pneumatic and function acceptance tests.
- ☐ Develop, review and approve turn-over documentation package of the project.

## **3. Company: Bharat Earth Movers Limited, India**

**Position:** Trainee Production Engineer

**Period:** May 2000 to May 2001

### **Brief Job Description:**

- ☐ Assisting the Machine shop Engineer in monitoring the manufacture of Bevel Gears & Assembly of Transmission Units for the Earth Moving Equipments and Defence equipments.
- ☐ Preparing the Job Cards and scheduling of various jobs.
